ABOUT MYSELF

A technical lead and backend developer with over 3 years of experience and effectively building scalable software solutions using Node.js, Express, MongoDB, MySQL, and Docker, while hosting on AWS and GCP. Actively involved in the development of security authentication mechanisms (JWT, OTP), CI/CD GitHub automation pipelines, and Agile team leadership. Keen to learn more about computer science and software development through a graduate program, and is especially excited about both contributing and getting from a lively academic community.

WORK EXPERIENCE

 **YATIKEN SOFTWARE SOLUTIONS PRIVATE LIMITED** – NOIDA, INDIA

TECHNICAL LEAD – 01/11/2024 – CURRENT

- Designed and maintained **scalable backend microservices** using **Node.js**, **Docker**, and **GCP**, built for high-throughput, low-latency data operations.
- Developed CI/CD pipelines using **GitHub Actions**, enforced **JWT** and **OTP-based** authentication, and implemented proactive threat mitigation strategies.
- Mentored more than **7 member developers on the team**, established **code review protocols**, and streamlined delivery through **Agile sprints** and architectural documentation.
- Collaborated with cross-functional teams to align engineering decisions with product roadmap and business goals.

 **WATERDROP HYDRASTATIONS PRIVATE LIMITED** – KOLKATA, INDIA

NODE.JS BACKEND DEVELOPER – 01/05/2022 – 31/10/2024

- Architected and deployed **backend systems** for IoT-based **water management solutions** using **Node.js**, **Express**, and **MongoDB**, supporting thousands of daily transactions.
- Integrated **payment gateways** (Razorpay, Paytm, Stripe) with automated **reconciliation**, **ledger management**, and **real-time alerts** for failed or mismatched payments.
- Optimized database schema design, **indexed query patterns**, and caching layers to achieve up to **40% faster response times** under peak load.
- Collaborated with frontend teams to enable **real-time telemetry** and device-level data sync across distributed stations.

EDUCATION AND TRAINING

01/08/2018 – 03/06/2022 Kolkata, India

BACHELOR OF TECHNOLOGY Government College of Engineering and Ceramic Technology

- Completed a 4-year undergraduate program with a focus on core engineering principles and software development.
- Participated in academic projects involving backend systems and database management.

- Built a strong foundation in core computer science concepts and modern software development practices, preparing for advanced graduate-level study.
- Medium of instruction: **English**

Website <https://gcect.ac.in/> | **Field of study** Computer Science and Engineering | **Final grade** 8.92/10 (10 is Maximun) |

Level in EQF EQF level 6 | **Thesis** Data mining approach to predict academic performance of students

LANGUAGE SKILLS

Mother tongue(s): **BENGALI**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C2	C1	C1	C2
HINDI	C2	C2	C2	C2	C1

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user

SKILLS

Node.js | JavaScript | Express.js | MongoDB | Mongoose | Google Cloud Platform (GCP) | Docker | GitHub Actions | Git | RESTful APIs | Postman | JWT/OTP Authentication | Jira | GitHub | Agile/Scrum practices | Microservices | CI/CD pipelines | System Design

HOBBIES AND INTERESTS

Reading Books

Novels, detective stories, and biographies, which help me explore different perspectives and ideas.

Exploring new technologies

Staying updated with tools and trends in software development

Cooking

Experimenting with recipes and cuisines for fun and relaxation.

Community engagement

Mentoring peers, organizing events, and participating in Alumni Baaj initiatives.

VOLUNTEERING

06/05/2019 – 27/11/2020 Kolkata

Assistant General Secretary – Student Welfare Association of GCECT

- Acted as a bridge between students and faculty, facilitating communication and addressing student concerns.
- Mentored junior students and supported academic and personal development initiatives.
- Coordinated placement sessions, connecting students with companies and organizing pre-placement activities.
- Participated in campus welfare programs, including anti-ragging initiatives and other student safety and engagement activities.
- Contributed to organizing events, workshops, and community outreach programs.
